

# Urban Developer Guide: Walk-through

## Prerequisites:

- Source version greater than Source\_4.11.0.10472, available from Toolkit: [Source - download](#)
- Urban Developer plugin for the same version from Toolkit: [Urban Developer Source Plugin - Download](#)
- Solution files attached to the each section of the documentation
- Ability to install software on your workstation or access to someone who has permission

## Nice to have:

- ArcGis or QGIS to review mapping data supplied with examples
- Editor (e.g. Excel) to review csv data

## Walk Through Summary:
